DO YOU HAVE A VISION?

Do you have a mission on planet earth? These are important questions and there comes only one reply YES WE HAVE A MISSION. Each one of us has a mission given to us from God.

In these last days we need to recognise our calling from God and advance, to forwards the Lord's work. We need to make big plans and with the Lord's help accomplish much. Let us remember that we have a heavenly Father which is all powerful, who is just waiting for us to step out in faith to advance His work and He will be right by our side giving us heavenly guidance.

Let us just pause for one moment and assess our situation. - We are living in the last days with thousands and millions of people who are not sharing in our joy of knowing God, we are lagging behind with the health message where we should be in the forefront of health issues today. - After recognising our situation let us not get discouraged with what we have not done BUT let's catch the vision of what we can do. With God's power we can move forwards, sharing the gospel and health principles, advancing at every step showing the world that our God is alive and well today.

It will be a glorious time when we can look back when Christ returns and say "I thank God, that I chose to follow Him and to do what I could to finish His work."

"Christ declares: "Herein is My Father glorified, that ye bear much fruit." John 15:8. God has endowed us with faculties and has entrusted us with talents in order that we may use them for Him. To every man is given his work-not merely work in his fields of corn and wheat, but earnest, persevering work for the salvation of souls. Every stone in God's temple must be a living stone, a stone that shines, reflecting light to the world. Let the laymen do all that they can; and as they use the talents they already have, God will give them more grace and increased ability. Many of our missionary enterprises are crippled because there are so many who refuse to enter the doors of usefulness that are opened before them. Let all who believe the truth begin to work. Do the work that lies nearest you; do anything, however humble, rather than be, like the men of Meroz, do-nothings." 8T p 246

DEVELOPMENTS

Printer

By the Lord's grace we have now purchased our own printer which enables us to print our literature at home. At present we still need to go to friends near by to do the folding of the leaflets and guillotining which we are grateful for. We are looking into purchasing our own folding and guillotine machine to increase the efficiency of the ministry. By the time you receive this

we plan to have purchased the additional equipment.

Responses

Since our last newsletter we have had many responses from many different places including one from California, USA - replied probably from the advert on the back of one of our booklets. We also learnt that they had written direct to request postal Bible Studies.

* = Request postal Bible studies

A gentleman who had previously requested The Ministry of Healing, The Great Controversy and postal Bible studies and then 3 additional copies of The Ministry of Healing and Bible studies for his wife, has now recently requested a copy The Desire of Ages and after receiving it says it is "a good Book". I ask for you to pray for this man and his

wife that they can learn more of Jesus.
